## SUCCESS STORIES

Bordering the Free State, Eastern Cape and Lesotho, Rouxville is an ideal stopover for travellers on many routes. However, if you blink you might just drive straight through this charming little place without even knowing it. Because no one knows of Rouxville we decided we needed to advertise our self-catering houses, Tinkerbelle and Pandora, and *Country Life* magazine has the perfect target market for us. We have been advertising in *Country Life* for three years now and can honestly say that more than 60% of guests staying with us are *Country Life* readers and saw our ad in the accommodation section.

We would like to thank the helpful staff at *Country Life* who advised us on advertising that would suit our budget. They also helped with the wording and layout, and have always given us excellent and friendly service. We will continue to advertise in *Country Life* for years to come.

*Celeste Myburgh and Melanie Williams*
